ACCOUNTING FACTS IN THE FIELD OF ROMANIAN FORESTRY

Author Sorin-Constantin Deaconu N/AAuthor Nicolae Todea N/AAuthor Liliana Marcela Cioara (Durgheu) N/A

Abstract:

Within the article we tackle aspects concerning the forestry activity undertaken by certain entities in Romania. We present some practical applications concerning the sale of firewood, standing timber and logs, because every sale category has certain accounting characteristics.

Keywords: accounting, forestry, incomes, firewood, standing timber, log
